Searching your subject property on RPR

New User Series As an RPR® user, you have the power to capture real estate data to the extent that no other **search** mechanism offers. In fact, no other real estate data sharing website offers side-by-side, listing vs. public record comparisons like RPR. So let's jump in. The **search** bar stands front and center on the RPR [...]

Tips for Working with Saved Properties and Searches in RPR

RPR lets you save your **search** criteria and groups of properties. But where do all your "saved" items reside and how can you easily access them? This article will explore the simple how-to's behind saving searches and properties within [...]

Research properties with the RPR map

RPR New User Series The RPR map is a powerful way to visually **search** for properties and uncover market trends. From aerial, road, and overhead views, to schools, parcels, estimated values, heat maps, overlays and more, we'll show you how easy it is to draw or designate your map in ways that suit every type [...]
